

MJE Young Entrepreneur Fair
Wednesday June 6th 12:00 – 1:30

We are writing to tell you about the craft fair we will be running next week here at MJE.

All of us grade 6 students have been working hard creating our own businesses by conducting market research, manufacturing a product and writing a business plan.

We will be selling our products at the fair on Wednesday June 6th.

All students will have a chance to buy our products when their teacher brings them down to the gym to shop! Parents are also welcome to drop in and shop whenever they'd like.

Most products are priced between \$1 and \$5. Some are more, some are less.

So, bring your money on Wednesday and shop 'till you drop while supporting us young entrepreneurs!

Thank you,

The grade 6 students at MJE

Please note: Our WE team will also be collecting used batteries to be recycled for their zinc starting Wednesday. If you have used batteries lying around, bring/send them in and help save lives. Go to <https://www.teck.com/responsibility/global-citizenship/zinc-and-health/> for more information.
